Growth · real numbers from Meta

1,103 installs at EGP 2.35 each

No agency. No expensive creative.

One video.

The secret wasn't the ad

It wasn't a new idea.
It was the best UGC video that had already won organically.

31%

of installers actually signed up

Installs look good in a screenshot.

Sign-ups pay the bills.

The method

3 steps

1. Post a lot organically
2. Let the audience pick the winner
3. Put money behind that one only

Why it works

Your audience ran the A/B test for free.

You're not betting, you're funding something already proven to stop the scroll.

Who I am

Ex-dentist who builds companies

I grow the business, and I build the system under it. Running an app or a clinic and not sure what your numbers say? DM me.
